## PROFILE

Front-End Web Developer graduate who has a strong work ethic and is excited to deliver top-quality web applications. After gaining expertise from the skills required to build a successful website and creating two exceptional projects, I am now ready to commit to a great opportunity and strive for professional development.

## SKILLS

HTML .....	ReactJS .....
CSS .....	Git .....
JavaScript .....	Basic Shell Commands .....

## EXPERIENCE AND PROJECTS

❖ **EDZON - Online Store, Phase 1 Project** ..... Nov 2023 — Nov 2023

Access this project at <https://ed-santiago.github.io/edzon/>

Built with **HTML**, **CSS**, and **JavaScript**. The main features of this web application come from implementing **REST API** with **CRUD operations** from a **JSON server** for the user to **interact with product items and the shopping cart**. The goal of this project is to showcase concepts learnt throughout phase 1. Which includes but is not limited to **functions**, **data structures**, **DOM manipulation**, **event handling**, and **data fetching**. It is a **single-page application** and **responsive** to mobile devices.

❖ **eworld - Social Media, Phase 2 Project** ..... Dec 2023 — Dec 2023

Access this project at <https://zingy-youtiao-88a9a1.netlify.app/login>

Built with **ReactJS**, **JavaScript**, **CSS**, and **HTML**. Started with create-react-app. The main features of this web application come from implementing **REST API** with **CRUD operations** from a **JSON server** for the user to **interact with posts, friends, and their profile**. The goal of this project is to showcase concepts learnt throughout phase 2. Which includes but is not limited to **components**, **props**, **react hooks**, **client-side routing**, **DOM manipulation**, **event handling**, and **data fetching**. It is a **single-page application** and **responsive** to mobile devices.

❖ **Personal Website** ..... Oct 2023 — Oct 2023

Access my personal website at <https://ed-santiago.github.io/portfolio/>

The purpose of this website is to showcase **projects I have made**, **my skill set**, and a **little bit of information about me**. Built with **HTML**, **CSS**, and **JavaScript**. Contains the following sections: a landing page, portfolio, about me, and a contact section. It is a **single-page application** and **responsive** to mobile devices.

## EDUCATION

❖ **Academy Xi** ..... Sep 2023 — May 2024  
*Front-End Web Developer Bootcamp* ..... Online

- Earned a Certificate of Completion
- Multiple **quality resources, exercises and quizzes** that helped me become a **well-rounded Front-End Web Developer**.
- Learnt and practised **essential Front-End languages** such as **HTML5, CSS3, JavaScript and ReactJS**.
- Gain proficiency with **Git** and **GitHub** to be able to collaborate with future colleagues.
- Gain tools and knowledge required to **build a website from scratch, publish it, maintain it and debug it**.
- Built a personal website, phase-1 project and phase-2 project. All projects includes **key concepts** of what I learnt throughout each phase.
- Key concepts learnt throughout the course not mentioned yet: **Scope, Asynchronous JavaScript, Context, JavaScript Inheritance, Object-Oriented Programming, Debugging, Algorithms, and React Class Components**.

❖ **TAFE Granville** ..... Feb 2017 — Jul 2017  
*Certificate IV in Programming* ..... Granville, Australia

❖ **Bonnyrigg High School** ..... Jan 2011 — Dec 2016  
*Year 12 Higher School Certificate* ..... Bonnyrigg

❖ .....
