PROFILE

Front-End Web Developer graduate who has a strong work ethic and is excited to deliver top-quality web applications. After gaining expertise from the skills required to build a successful website and creating two exceptional projects, I am now ready to commit to a great opportunity and strive for professional development.

SKILLS

HTML5	ReactJS
CSS3	Git
JavaScript	GitHub

EXPERIENCE AND PROJECTS

❖ EDZON - Online Store, Phase 1 Project .... Nov 2023 — Nov 2023

Access this project at https://ed-santiago.github.io/edzon/

Built with **HTML, CSS,** and **JavaScript**. The goal of this project is to showcase concepts learnt throughout phase 1. Which includes but is not limited to **functions, data structures, DOM manipulation, event handling,** and **data fetching**. The main features of this web application come from using **full CRUD actions** with **fetch** from a JSON server for the user to **interact with product items and the shopping cart**. It is a **single-page application** and **responsive** to mobile devices.

❖ eworld - Social Media, Phase 2 Project .... Dec 2023 — Dec 2023

Access this project at https://zingy-youtiao-88a9a1.netlify.app/login

Built with **ReactJS, JavaScript, CSS, and HTML**. Started with create-react-app. The goal of this project is to showcase concepts learnt throughout phase 2. Which includes but is not limited to **components**, **props, react hooks, client-side routing, DOM manipulation, event handling, and data fetching.** The main features of this web application come from using **full CRUD actions** with **fetch** from a JSON server to allow the user to **interact with posts, friends, and their profile.** It is **a single-page application** and **responsive** to mobile devices.

❖ Personal Website .... Oct 2023 — Oct 2023

Access my personal website at https://ed-santiago.github.io/portfolio/

The purpose of this website is to showcase **projects I have made**, **my skill set,** and a **little bit of information about me**. Built with **HTML, CSS,** and **JavaScript**. Contains the following sections: a landing page, portfolio, about me, skills, and a contact section. It is **a single-page application** and **responsive** to mobile devices.

EDUCATION

❖ Academy Xi .... Sep 2023 — Jan 2024
Front-End Web Developer Bootcamp   Online

- Multiple **quality resources, exercises and quizzes** that helped me become a **well-rounded Front-End Web Developer.**
- Learnt and practised **essential Front-End languages** such as **HTML5, CSS3, JavaScript and ReactJS.**
- Gain proficiency with **Git** and **GitHub** to be able to collaborate with future colleagues.
- Gain tools and knowledge required to **build a website from scratch, publish it, maintain it and debug it.**
- Built a personal website, phase-1 project and phase-2 project. All projects includes **key concepts** of what I learnt throughout each phase.
- Key concepts include but not limited to: **DOM manipulation, full CRUD actions and Asynchronous JavaScript.**

❖ TAFE Granville .... Feb 2017 — Jul 2017
Certificate IV in Programming   Granville, Australia

❖ Bonnyrigg High School .... Jan 2011 — Dec 2016
Year 12 Higher School Certificate   Bonnyrigg

❖ ....
